

**CANDIDATE FOR CITY COUNCIL MEMBER
CITY OF TWENTYNINE PALMS**

NAME: JIM HARRIS

OCCUPATION: Retired Government Employee

I am a retired government employee who has resided in Twentynine Palms for the past 18 years. I started coming to Twentynine Palms in 1971 and have witnessed the growth that has taken place over the years.

I hold a deep respect for our City and look forward to serving the people of Twentynine Palms as a Councilmember. I want to be your voice and promise to represent you vigorously. Change can be good.

Being retired, I can dedicate time investigating solutions to problems/complaints. Those who know me will acknowledge that I will dedicate myself to serving you. Those citizens with concerns deserve answers, not lip service, or excuses.

My background in business management, encompass budgets, contract negotiations, purchasing, and employee relations spans over 30 years.

Our City's growth of both residential and business brings important issues that affect the Community. I intend to address economic development, traffic enforcement, and crime issues that come with such growth.

My pledge is to enhance the City of Twentynine Palms for all of us; please support me with your vote on November 7.
